

CPP 446

45 x 45

Container plastic pallet 45" x 45" with snap-on cruciform perimeter-base

Technical Data

| | | |
|-------------------------------|-------------------------------|--------------------------|
| Dimensions* ¹ | 45.0 x 45.0 x 6.4 in | 1140 x 1140 x 163 mm |
| Weight* ¹ | ACM 27.5 lbs PE 25.5 lbs | ACM 12.5 kg PE 11.5 kg |
| Load capacities* ² | | |
| Static | 17600 lbs | 8000 kg |
| Dynamic | 2600 - 5300 lbs | 1200 - 2400 kg |
| Racking | 1300 lbs | 600 kg |
| Bottom support | cruciform perimeter-base | |
| Entry | 4-way | |
| Safety rim | 0.2 in optional | 5 mm optional |
| Nesting height | without skids 2.4 in 60 mm | |

*¹ The pallet dimensions and weight are variable. *² Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *³ Minimum quantity required. - We reserve the right to change any of the stated information without prior notice.

Options

| Material | Color |
|------------------------|-------|
| ACM, recycled material | black |
| PE, recycled material | black |
| PE, virgin material | grey |

Individual marking*³
 Custom-made color (only virgin material)*³
 Separate delivery of skids – volume saving

Design without skids – see CPP 440
 Closed top deck – see CPP 446c

Features

- > Cost effective
- > Footprint allows stable stacking of loaded pallets
- > Optimal container utilisation, no waste of cargo space
- > Resistant to insects, bacteria and fungi
- > Conforms to ISPM 15 regulation
- > Environmentally friendly product of 100% recycled plastic, completely recyclable

Snap-on bottom skids enable block stacking and application in automated conveyor systems.

CPP Plastic Pallets

Export pallets

Our Send & Forget™ export pallets enable us to offer a solution to export-oriented companies which is both economically efficient and environmentally friendly. Increasingly integrated international commodity flows call for plastic pallets which provide a high added value to customers while meeting high environmental standards more than ever before.

Our export pallets are made using a spe-

cific recycled ACM material. They are characterized by their lightweight design and by their particularly advantageous price. Obviously, nobody would want to invest a high amount of money in load carriers especially when exporting goods.

Logistic pallets

Our logistic pallets are sturdy long-life storage aids which have stood the test in high-bay warehouses, automated convey-

ing and storage systems and in the entire field of distribution logistics. Achieving a high number of cycles is the key to cost efficiency in this area.

Depending on the needs of every application, CABKA logistics pallets are manufactured using either type-specific PE recycled material or virgin material. In most cases, our recycled plastic material will provide an alternative which is both economically efficient and environmentally sound.
